

**"PERFORMANCE UNDER PRESSURE"**

## NEO SYNTHETIC POWER STEERING FLUID

### DESCRIPTION

NEO Synthetic Power Steering Fluid is a premium formulation of high quality **synthetic** base oil and premium additives. It provides optimum protection in all power steering systems for North American, European and Asian OEMS.

### FEATURES

- ❖ Protects power steering system against wear
- ❖ Provides controlled seal swellings
- ❖ Resists foaming, oxidation, corrosion and rusting
- ❖ Product meets or exceeds requirements of the **GM Saginaw specification**
- ❖ Product meets the **level performance requirements** of:
  - **GM Saginaw Power steering,**
  - **Chrysler MS 1872 / MS 5931F,**
  - **Ford M2C138-CJ / M2C33-F / M2C128-C and D,**
  - **Acura / Honda PN 08206-9002 PE,**
  - **Mercedez Benz PN 00 989 8803,**
  - **Saab PN 30 09 800,**
  - **Subaru PN K0Z09A0080.**
